

Honoring a Legacy, Shaping the Future

Campaign to Expand the Harold Alfond Center for Cancer Care

Harold Alfond Center for Cancer Care

Naming Opportunities: \$75,000

New Patient Elevator

The expansion includes the installation of a new, larger elevator for patients and family members to travel between the main level and terrace level of the cancer center.

- **Elevator, First Floor** – 1112 **SOLD**
- **Elevator, Terrace** – 137

Harold Alfond Center for Cancer Care

Naming Opportunities: \$50,000

Jackson Lab

As part of the renovation and expansion, Jackson Lab will have an increased footprint at the cancer center. The Jackson Lab Workroom and Office have a prominent space on the first floor and are a space for the Jackson Lab team to conduct their innovative work in genomics research.

- **Jackson Lab Workroom, First Floor – 1061**
- **Jackson Lab Office, First Floor – 1125**

Staff Break Rooms

The expansion will create two new break rooms on the terrace level and first floor to provide a place of respite for the staff in these areas.

- **Staff Break Room, First Floor – 1304**
- **Medical Oncology Staff Break Room, Terrace – 52**

Patient Education

As part of the renovation of existing space, three new education spaces will be created on the terrace level adjacent to Medical Oncology. As patients navigate their diagnosis, these areas will provide a large space for family and patients to meet with nurse navigators and clinicians. These teachings play a critical role in the holistic approach to the patient's treatment plan, inclusive of chemotherapy teaching, dietary recommendations, survivorship care, and primary palliative care.

- **Patient Education, Terrace – 39 **SOLD****
- **Patient Education, Terrace – 42**
- **Patient Education, Terrace – 81**
- **Oral Chemotherapy Teaching, Terrace – 79**

Research and Genetics

As part of the renovation of existing space, a new workroom will be created on the second floor, expanding the work of our research and genetics team.

- **Research and Genetics Workroom, Second Floor – 2048**

Food & Nutrition

The expanded cooking area will allow for increased preparation of meals and snacks for the center's patients, families and staff.

- **Cooking Area, Terrace – 121**

Harold Alfond Center for Cancer Care

Naming Opportunities: \$30,000

Private Infusion Bays

Three new private infusion bays will be added in the expansion of Medical Oncology. These large rooms offer more space and privacy for patients with special treatment needs.

- **Private Infusion Bay** – 37 **SOLD**
- **Private Infusion Bay** – 313 **SOLD**
- **Private Infusion Bay** – 314 **SOLD**

Nursing Workstations

These workstations provide a place of collaboration and work for the medical oncology care teams.

- **Nurse Workstation, Terrace** – 330
- **Nurse Workstation, Terrace** – 335

Operations Spaces

There are several spaces within the HACCC that provide critical background work to keep the facility up and running.

- **Staff Stairwell** – 1122
- **Loading and Receiving Area, First Floor** – 1303
- **Mechanical Penthouse, Second Floor** – 2101
